CreateAppointment, EditAppointment and CreateFollowUpAppointment

For these three activities, other fields (Country, Clinic, Doctor, Specialty and Service) are either locked or error-proof. The only field(s) that needs testing are time and date.

For testing purposes, assume current date and time is **April 15th 2015 (15-Apr-2015), 15:10**, selecting a 1-hour appointment

| Input | | Output |
|-------------|---------------|---|
| Date | Time | Result |
| <i>null</i> | <i>null</i> | "Please select a date" |
| <i>null</i> | 13:00 – 14:00 | "Please select a date" |
| 16-Apr-2015 | <i>null</i> | "Please select a time" |
| 14-Apr-2015 | 13:00 – 14:00 | "You must book at least 24 hours in advance." |
| 15-Apr-2015 | 13:00 – 14:00 | "You must book at least 24 hours in advance." |
| 16-Apr-2015 | 13:00 – 14:00 | "You must book at least 24 hours in advance." |
| 16-Apr-2015 | 15:00 – 16:00 | "You must book at least 24 hours in advance." |
| 16-Apr-2015 | 16:00 – 17:00 | OK |
| 17-Apr-2015 | 9:00 – 10:00 | OK |
